CERTIFICATE OF FACTORY PRODUCTION CONTROL

1478 – CPD – 0025

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

Prefabricated structural member assembled with punched metal plate fasteners

with verified characteristics: strength, stiffness, durability, reaction to fire (D-s2,d0)

and suitability for construction use: as trusses made of spruce structural timber with strength class SI (C22 according to the EN 1912) and minimum density 430 kg/m^3 , without finger joints, assembled with punched metal plate fasteners type MiTek, with plate thickness 1,0 mm and 1,5 mm are suitable for structural construction up to the range 20 m and with plate thickness 2,0 mm up to the range 30 m in protected conditions without water vapour condensation. Applying 15 g/m^2 of concentrated wood preservative KATRIT BAQ 200, the product complies with hazard class 1 and 2 according to the EN 335-1 and EN 335-2,

produced by the manufacturer

M&T systémy, s.r.o., Žitná 13, 010 01 Žilina, Slovak Republic

in the factory

M&T systémy, s.r.o., plant Na Gejdák 1565, 034 01 Ružomberok, Slovak Republic

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body

LIGNOTESTING, a. s., No. 1478

has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

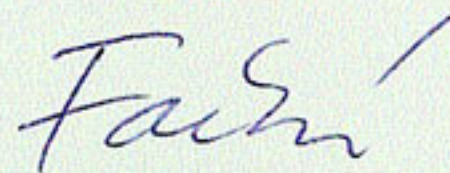

This certificate attests that all provisions concerning the attestation of factory production control described in the Annex ZA of the standard

EN 14250: 2004

were applied.

This certificate was first issued on 27 September 2006 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

Bratislava, 27 September 2006
